228 - 232 Woollooware Rd, Cronulla, NSW 2230*

Welcome to RMYC-Port Hacking Sailing

Located on Port Hacking, with unrestricted views of Gunnamatta Bay, the Royal Motor Yacht Club – Port Hacking is home to a community-minded recreational, entertaining, sailing and cruising club. Formed in 1934, the RMYC Port Hacking has a long history of supporting and encouraging a life enjoyed out on the water.

Ocean yacht racing at Port Hacking was founded by Fred Teiffel in 1963 and was inaugurated in 1964 and known as Port Hacking Ocean Yacht Club (PHOYC) with the first meetings at the Cronulla RSL. Later, the meeting venue was moved to the RMYC-PH and continued as a separate organisation up to 1991. In 1991 some of the PHOYC formed the sailing division of the RMYC-PH and others formed the Cronulla Sailing Club.

Today we remain a division of the RMYC-PH and are known as RMYC - Port Hacking Sailing (PHS). All are welcome to join us on the water.

Risk Warning

This RISK WARNING is issued jointly by the RMYC Port Hacking, Port Hacking Sailing and the NSW Roads and Maritime Service, pursuant to the Civil Liability Act 2002 to all persons wishing to participate in the sailing activities conducted by RMYC Port Hacking.

Participants are warned that, regardless of the precautions, which might be taken by reasonable and experienced persons, sailing can be a dangerous pursuit, and participants are exposed to significant risk of property damage, physical harm and possibly death.

As an indication, these risks may include, but are not limited to:

- 1. The extremes of weather and sea conditions.*
- 2. The potential that the control of vessels may be lost, resulting in collision with objects and other vessels.*
- 3. The sudden movement of the vessel at any time and the possibility that participants may fall or be thrown overboard, resulting in drowning.*
- 4. The possibility that participants may be injured by equipment on the vessel.*
- 5. The absence of immediate medical care and the likelihood that significant delays may occur before medical care is available.*
- 6. Exposure to the elements for extended periods.*

RMYC-Port Hacking Sailing and the NSW Roads and Maritime Service also warn participants that regardless of their best intentions, they may be unable to render assistance to participants who are in distress. Participants are warned to consider the above risks and all other risks before deciding to participate in any sailing event with Port Hacking Sailing.

Participants are also advised that although RMYC Port Hacking is covered by third party liability insurance; this cover DOES NOT extend to participants. Any participant who considers they have a need for insurance must make their own private arrangements with an insurer. A personal accident insurance policy is available with subscription to membership of Australian Sailing. Paid membership to RMYC-Port Hacking Sailing includes membership of Australian Sailing.

Port Hacking Sailing has a risk management process in accordance with the guidance provided by Australian Sailing. This risk management process has produced a suite of three documents designed to identify and manage on-water risk associated with yachting events conducted by Port Hacking Sailing.

These documents are the "[Operational Management Plan](#)", the "[Yacht Incident Management Plan](#)" and the "[Risk Assessment and Risk Register](#)". These three documents (located on the PHS Web Site) together form the Port Hacking-Sailing (PHS) risk management process, and as such they should be read together, not in isolation.

All skippers should read and make themselves familiar with these documents.

The aim of the PHS committee is to thoroughly review all issues and agree to their decisions by consensus. In the event of a consensus not being reached, a vote is taken with the majority being recorded as the decision. In the event of an equal vote, the chairman of the meeting will have a casting vote to resolve the issue.

A quorum of the PHS Committee shall be 50% of the PHS Committee. If a quorum is not present, the meeting will be adjourned and set for a new meeting date.

Any PHS member wishing to attend a PHS Committee meeting on a casual basis may be invited at the discretion of the committee. All PHS members wishing to attend, or to have tabled any issue for discussion, must do so in writing 7 days prior to the scheduled committee meeting by submitting their documented request to the PHS secretary.

Any PHS member attending on a casual basis shall have no voting rights at the committee meeting to which they attend.

6. Conduct of the Annual General Meeting:

The Annual General Meeting (AGM) of the PHS is to be held at the RMYC-PH as close as possible to the week after the RMYC-PH Annual General Meeting which will usually be on or about the third Wednesday in August. The purpose of the meeting is to elect the PHS Committee for the coming year and to consider resolutions which have been advised in writing to the PHS Secretary 7 days prior to the meeting.

Nominations for PHS committee positions and any other business on which the meeting is required to vote must be lodged with the PHS Secretary in writing with a Proposer and Seconder at least 7 days prior to the AGM date.

Only financial Sailing Members (over 18 years of age) are eligible to propose, second and vote at an Annual General Meeting.

The meeting is conducted under the supervision of the Sailing Captain together with the Secretary who records minutes and a register of attendees.

Only financial PHS members can vote.

7. Financial Management:

Being a sub-club of the RMYC-PH, the PHS is not required to operate separate financial accounts. The PHS does not operate bank accounts or chequebooks or have any responsibility in these areas. The financial management of Port Hacking Sailing is undertaken by the submitting of an annual Budget to RMYC-PH designed to be self-funding.

Any PHS expenditure requires that the submitted tax invoice be approved and signed by any two of the following: Sailing Captain, Vice-Captain or Treasurer and be coded with the general ledger code.

All payments in relation to the PHS are handled by the RMYC-PH Accounts Department.

Should the PHS accumulate surplus funds over the twelve months, the PHS Committee will, considering the needs of the PHS as a priority, make recommendation to the RMYC-PH Board of Directors for the approval and way these funds are to be disbursed or allocated to meet the PHS requirements.

The costs of operating the PHS are significant and each year the committee seeks sponsorship to cover income shortfalls.

Membership fees are determined by the committee to ensure the financial viability of the PHS.

8. Life Membership:

The appointment of Life Membership to the PHS is bestowed upon a Member who has made significant contribution to the success of the PHS “over and above that normally expected” over a substantial period.

The awarding of this honour should be made around the time the outstanding effort has been recognised and achieved, to ensure the contribution is recognised and not lost in the passage of time.

A Nominee must be a financial member of the RMYC-PH and the PHS. The Nominee must have been a member of the RMYC-PH for a period not less than 7 years.

Not more than one Life Member may be elected annually, and there may not be more than four Life Members of the Port Hacking Sailing (PHS) at any one time.

Nominations for Life Membership must be submitted to the PHS Committee by a nominator and a seconder, both of whom must have been financial members of the RMYC-PH and the PHS for the past five years.

A 75% majority at the PHS AGM must be achieved in this ballot in favour of the resolution for a Nominee to be granted Life Membership, whether by a show of hands or a secret ballot if requested.

Once Life Membership has been granted, the recipient will no longer be required to pay annual PHS membership fees and will have his/her name recorded on the PHS’s Honour Board for Life Members.

The recipient will be required to continue to pay annual subscriptions to RMYC-PH. Should the recipient cease to be a Member of RMYC-PH, he/she will forfeit any rights attached to Life Membership of the PHS.

In addition, the Race Committee may broadcast information regarding the course to be sailed, the starter arrangements and/or other information of interest to competitors, and at the appropriate time the names/sail numbers of boats judged to be OCS.

The Race Committee may also transmit course information by SMS.

Any failure of, or defect in, such a broadcast will not be grounds for redress. This alters RRS 60.1 and 62.

Boats in Category 3, 4 and 5 races shall monitor the radio on the Distress/Calling frequency whilst racing.

All boats in Category 3 races shall log in with either Marine Rescue South Head (when racing north) or Marine Rescue Port Kembla (south) while in open water. Marine Rescue can be raised on VHF Channel 16 and they will have been supplied with a list of boats.

21 PENNANTS

(a) All PHS boats, which have a fixed backstay, shall carry the PHS racing pennant at the stern above the deck when racing and in such a manner that is clearly visible. A boat shall not be penalized for infringing the requirements of this instruction without warning and adequate opportunity to comply.

24 RACE RESULTS

Race results will be posted on the club's web ASAP and may also be on the club notice board.

Section 6

In addition, a Distance Mark may be laid at or near the Race Committee Boat end of the starting line, in which case boats shall pass between it and the outer mark when starting. A boat shall not pass between the Race Committee Boat and this Distance Mark.*
- (b) **For Category 3, and 4 races** starting in the Estuary, when the Race Committee Boat is on station, the pin-end mark will be a yellow mark with a red band. When the RCB is not on station, the Starting Line will be an extension of the transit line from the Bass and Flinders Obelisk to the starboard lateral marker pile situated below the obelisk. Boats shall start on the southern side of the pile mark, leaving it to port. Section 9

Handicapping

Category 3, 4 and 5

Time adjustments will be based on a Time Correction Factor (TCF) performance not on finish place.

All boats will be handicapped on their elapsed time as follows:

1. Base Handicap

- (a) The Progressive Personal Handicap (PPH) will be used from the last series when available. New boats will be allocated an arbitrary TCF to be reviewed after 3 races.*
- (b) The corrected time of each yacht in the race will be calculated by multiplying the elapsed time (finish time less official start time) by its (PPH_{start}) handicap.*
- (c) The place for each race will be on corrected time.*
- (d) The points will be on a modified low point system where 1st = 1, 2nd = 2, 3rd = 3 and so on.*

2. Declarations

The skipper shall declare to the Handicapper at least 48 hours before the race starts any alterations to the sails, or the number of sails carried by the yacht, or to the yacht and any of its equipment including professional crew which could alter its performance.

Penalties may apply, at the discretion of the Handicapper, to any yacht that uses professional crew to break the spirit of the Personal Handicap System. To avoid this, skippers may notify the race committee, of the temporary participation of sail makers or another professional crew.

3. Alterations to Handicaps

All handicaps will be reviewed before the commencement of the season's point score.

The Handicapper may alter a yacht's handicap at his discretion:

- (a) If it is considered necessary after declaration above.*
- (b) If the present handicap appears incorrect.*
- (c) If the yacht's owner submits a written request for a review for specific reasons.*
- (d) If a yacht fails to start, or retires, or is disqualified.*
- (e) If there has been an anomaly in setting the handicap.*

4. **Adjustments to the Personal Progressive Handicaps (PPH)**

A Yacht's Progressive Personal Handicap (PPH) will be calculated after each race to the following system:

- (a) The corrected time of each yacht in the race will be calculated by multiplying the elapsed time by its handicap.
- (b) The corrected times are sorted from the lowest to highest for the race result.
- (c) The **median corrected time** is established using the ECHO method. This method ensures that the average adjustment is zero and so avoids any inflation/deflation over time. i.e., The addition of the old handicaps equals the addition of the new handicaps.
- (d) After each race, a personal Time Correction Factor (TCF) is calculated by dividing the **median corrected time** by the elapsed time of each competing yacht.
- (e) The last PPH handicap is averaged with the calculated TCF for the next Progressive Personal handicap.
- (f) For Series of more than 6 races; 65% of the last handicap plus 35% of the calculated TCF is the next handicap.
- (g) For series of 6 or less races; 50% of the last handicap plus 50% of the last TCF is the next handicap.
- (h) The next handicap may be limited to a 5% change from the last handicap.
- (i) Boats that did not Race, did not finish or were disqualified (DSQ); will not have their PPH handicap adjusted.

5. **Start Time Calculation for Pursuit Starts**

The new (PPH_{new}) handicap is converted to a pursuit start time where the slowest boat starts at the scheduled start time and a race time is predicted for the slowest boat.

6. **Ties Broken in the following Order**

- (a) A8.1 Most Best Scores Excluding Discards.
- (b) A8.2 Best Score in Latest Race Including Discards.
- (c) Ties Remain.

7. **Calculation of average points**

When redress is granted for average points, they will be the average of all previous races including discards in the relevant series.
If granted in race 1 the average points for that race will be used.
